To: All Potential Providers for Pharmaceutical Services and Products for the State of Hawaii Hansen's Disease Branch

Re: Clarification on RFP No. DOH-111-05-01 Pharmaceutical Products and Services for State Department of Health Hansen's Disease Branch

The RFP allows providers to bid on Part A, Clinical Pharmaceutical Services, or Part B and C, Pharmaceutical Products and Dispensing Fee, or all three parts together.

Providers are allowed to submit multiple or alternate proposals, however, multiple or alternate proposals must be submitted in physically separate proposals.

Multi-tiered pricing for generic drugs versus name brand drugs for Part B, Pharmaceutical Products will not be considered multiple or alternate proposals, and do not need to be submitted in physically separate proposals.
